

Gloves so Amazing™ and thin,
you'll fly through your day.

Our THINNEST
glove ever!

Thinner, lighter, and more flexible
than standard nitrile, our new Amazing™
gloves are so comfortable that you'll feel the day just fly by.

That's because they're so thin and flexible, they conform
perfectly to your hands to give you the superpowers you need to
conquer the day. Amazing's unique nitrile formulation is thin and
flexible enough to deliver higher tactile sensitivity, yet strong and
safe enough to perform under pressure.
