

FLOWSTAR

THE NEW DOUBLE NASAL HOOD

From Air Techniques - The Market Leader in Air & Vac

Bringing Nitrous Oxide/Oxygen Sedation to the next level with multiple innovations

Patient Comfort

Softer and more flexible for an exceptional seal and comfort

Safety for Staff

Oval design of the exhalation valve for ideal scavenging, US patented*

Size Matters

Lower profile provides improved "sight lines" visibility for the dental staff

Relaxed and happy patients result in an efficient staff

AIR
TECHNIQUES equipped for life®

DIFFERENT AT FIRST SIGHT
